Yale Access App*

Works with the Yale Access App*

The easy-to-use Yale Access App offers trusted everyday convenience and security for your entire home.

- Share permanent, scheduled or temporary access with the people you trust.
- Manage all of your Emtek, Yale, or August Wi-Fi and Bluetooth products from one app location.

Features available with Wi-Fi module:

- View a 24/7 activity feed and receive real-time notifications, so you know who had access and when.
- Know that your home and belongings are secured from anywhere.

*App requires iOS or Android smartphones for installation, guest management and remote access. For use in US and Canada only.

Wi-Fi module allows your lock to communicate with the Yale Access app.

Move Over Keys! Say Hello to the Fingerprint Lock

Meet our newest door lock: the Emtex EMPOWERED™ 2. Our locks are now even smarter and more convenient with biometric capabilities built-in. It's time for your key to become nothing more than a back-up.

NEW FEATURE

Your fingerprint. The key you'll never lose.

Locking & unlocking your door is now even more convenient using just your fingerprint.

99% Fingerprint Accuracy **<0.5** sec Recognition Time

With a 99% accuracy and <0.5 seconds recognition time, your fingerprint is the fastest and most secure way to unlock your home.

Backlit Keypad

Capacitive touchscreen keypad wakes with a touch and has numbers that won't wear off.

Weather Protection

Rubber gasket increases protection against outdoor environments.

Motorized Operation

Quiet motor with tapered deadbolt that accommodates for misaligned doors.

Smart Lock Upgrade

Seamlessly upgrade any Emtex brass tubular entry set, sideplate, or deadbolt into a smart-enabled lock.

Yale Access App is available on

*App requires iOS or Android smartphones for installation, guest management and remote access. For use in US and Canada only.

Unlock your way

Key-free access with keypad, Yale Access app on your smartphone, Auto-Unlock (optional) or with a simple key.

Expecting company?

No more hidden keys. Send custom entry codes to your loved ones and service people.

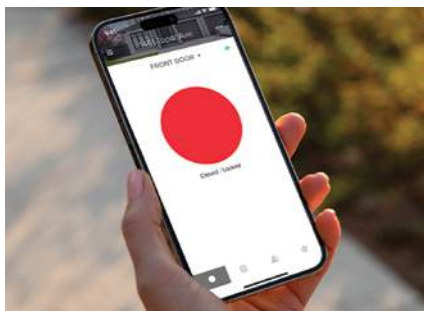

Don't worry, it's locked

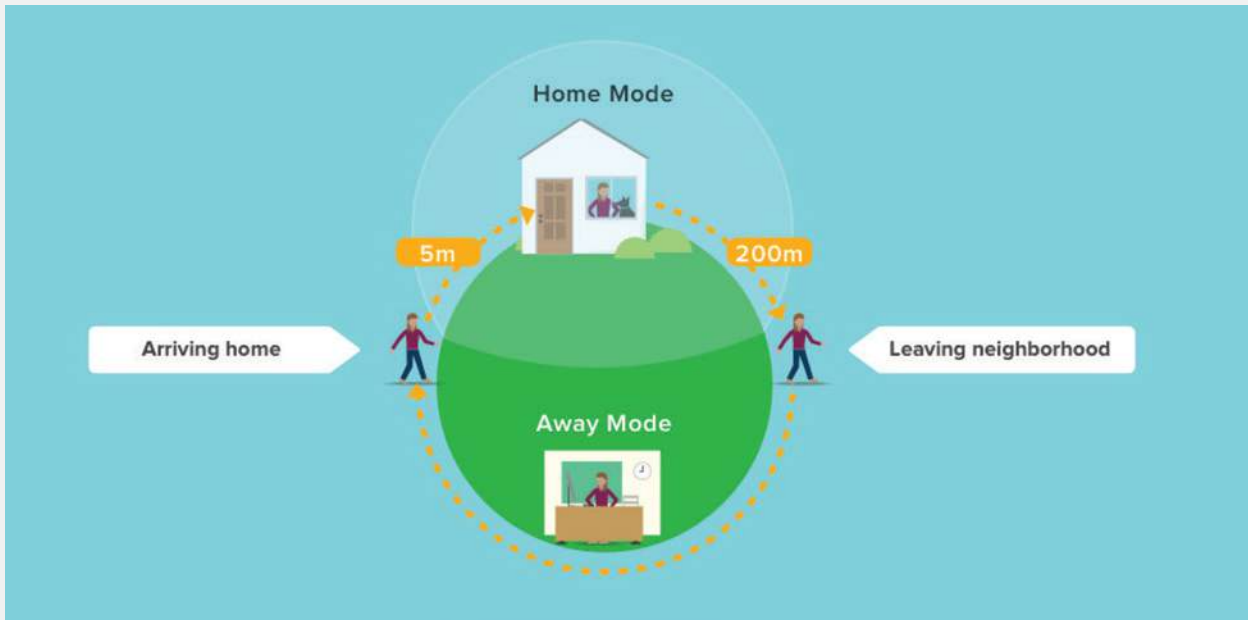

With Auto-Lock, you don't need to remember to lock the door.

Still the Smartest Lock Ever - Now, with Even More to Offer

Keep all the features you love from the original EMPOWERED™, like auto-lock with DoorSense™ technology, shared guest access with custom entry codes, and more! Plus, get remote access from anywhere in the world when you upgrade to Wi-Fi.

Auto-Unlock

Auto-Unlock provides added convenience when you arrive home and relies on your phone's Bluetooth, Wi-Fi and GPS to know if you're home or away.

Yale Access uses two modes to enable Auto-Unlock to function: **Home Mode** and **Away Mode**. These modes indicate where Auto-Unlock thinks you are: at home or away from home.

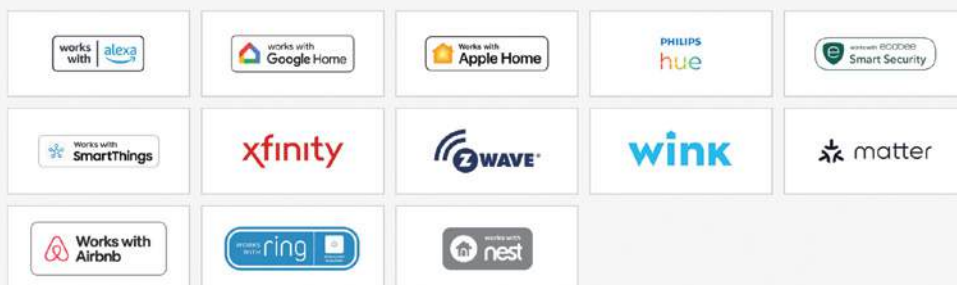

When you are at home (in **Home Mode**), Auto-Unlock is not actively doing anything. It is waiting until you leave home.

When you approach your door, Auto-Unlock will unlock your door via Bluetooth. This means Auto-Unlock cannot operate your lock when you are away from home.

You are considered away from home when you leave your immediate neighborhood, which is about 200 meters, or a couple city blocks. It is only active when you return to your home area.

Works With

EMPowered™ 2 smart locks work in harmony with some of your favorite smart home brands to make life more simple and secure.

All partner integrations work with Wi-Fi smart lock models. Bluetooth lock models only work with Apple Home and exclude other partner integrations.
