CSA Certified C/US; ANSI Z124.1 for plastic tubs and ANSI 112.19.7 for whirlpool components.  
NOTE: See electrical specifications on page C-30 for electrical requirements of tub options.

See the "Designer Collection Tubs Installation & Operation Manual" included with tub delivery or go to [mtibaths.com/support/installation\\_operation/manuals](http://mtibaths.com/support/installation_operation/manuals) for all the information necessary to install and operate the tub.

MTI's Customer Service Department is available Monday-Friday 8am-6pm EST at 800-783-8827 or [customerservice@mtibaths.com](mailto:customerservice@mtibaths.com) to answer any questions pertaining to ordering or installation.

### IMPORTANT ORDERING & INSTALLATION INFORMATION:

- Before ordering or installing, please consider future access to equipment.
- Add bedding compound to fully level and support bottom of tub.
- Tubs equipped with an air bath or a pre-levleled foam base are designed to rest on the floor *without* bedding compound, provided the floor is level.
- **Overall tub height is increased by approx. 2-3" when tub is equipped with any air bath package or when pre-levleled foam base or frame system is ordered.**
- Please measure tub **on-site** before building tub decking.
- Suction and control locations may vary.
- Specifications and configurations are subject to change without notice.
- Measurements are  $\pm 1/2"$  and are subject to change without notice.
- Measurements herein supersede all others published prior to publication date shown below.
