IMPORTANT ORDERING & INSTALLATION INFORMATION:

- Before ordering or installing, please consider future access to equipment.
- Add bedding compound to fully level and support bottom of tub.
- Tubs equipped with an air bath or a pre-leveled foam base are designed to rest on the floor without bedding compound, provided the floor is level.
- Overall tub height is increased by approx. 2-3" when tub is equipped with any air bath package or when pre-leveled foam base or frame system is ordered.
- Please measure tub on-site before building tub decking.
- If you are planning to use a glass enclosure, MTI must be advised when ordering for possible relocation of controls.
- Suction and control locations may vary.
- Specifications and configurations are subject to change without notice.
- Measurements are $\pm 1/2"$ and are subject to change without notice.
- Measurements herein supersede all others published prior to publication date shown below.

See the "Designer Collection Tubs Installation & Operation Manual" included with tub delivery or go to mtibaths.com/support/installation_operation/manuals for all the information necessary to install and operate the tub.
